Tender No. 20(09)/2023/Prom

Date: 02.05.2023

Corrigendum no. 1

Tender for designing, construction and fabrication of INDIA TEA EXPERIENCE ZONE (India Tea Pavilion) for Tea Board India and the pavilions of Spices Board, Coffee Board and APEDA at Kevadia (Gujarat)

Tender No. 20(09)/2023/Prom

Dated: 18.04.2023

GeM Portal Tender ID: GEM/2023/B/3363405

Sr. No.	Section	Query	Reply/Amendment
(1)	Page 4, Eligibility Criteria, Minimum Annual Turnover, Page 14, Eligibility for submission of Bids, Clause iii), Annual turnover of minimum Rs. 1,50,00,000/- (Rupees One Crore Fifty Lakhs) during each preceding 3 financial years i.e. 2019-20, 2020-21 and 2021-22 for conceptualizing, designing, fabricating, construction and executing the projects on turnkey basis for setting up of pavilion(s) in Domestic and International events/exhibitions/trade fairs organized within India and abroad.	The Financial Years 2020-21 & 2021-22 were badly effected by the Covid 19 pandemic. The worst effected industries were Events & Exhibitions. There was effectively no business in FY 2020-21 and in FY 2021-22, the second wave of Covid 19 had struck and shut whole India for almost 6 months and economic activities slowly started again but the third wave struck in Jan. 2022 and most of the Trade fairs and events got cancelled. Therefore you are requested not to consider the covid effected Financial years.	Amendment: As very less physical events were organized during the Covid-affected years of 2020-21 and 2021-22, the Bidder should have Annual turnover of minimum Rs. 1,00,00,000/- (Rupees One Crores) during each of the financial years 2020-21 and 2021-22 and minimum Annual Turnover of Rs. 1,50,00,000/- (Rupees One Crores Fifty Lakhs) during each of the financial years 2019-20 and 2022-23.
(2)		What will be the venue for putting up the pavilion?	Kevadia, Gujarat
(3)		Please provide the tentative layout plan for the pavilion.	The tentative layout plan for the pavilion will be provided to the Selected Bidder at a later date upon receipt of details from the G20 Cell.

(4)		Do we have to put the Hanger structure or temporary tenting in which pavilion will be installed? Or the structure will be provided by the Organiser?	<p>The Clause in the Bid document states: "The Pavilions for all the four Commodity Boards may be constructed as a comprehensive unit under a single roof or as separate entities located far apart from each other, as per the space allocated and directions received from the Ministry of Commerce & Industry, Government of India."</p> <p>The area provided for construction of the pavilion would be an enclosed space.</p>
(5)	Page 15, Clause 3, Scope of Work - The pavilion shall have sufficient hanging banners from the ceiling over the INDIA TEA pavilion for proper visibility of INDIA TEA pavilion.	Since it has been asked to hang banners from ceiling will there be provision for that ?	The Selected Bidder will have to undertake the entire project on a turnkey basis, including designing, construction and fabrication of the entire pavilion and any other structures required for setting up a World-class pavilion as per the Scope of Work given in the Bid document.
(6)	Page 16, Clause 3, Scope of Work - Packing and unpacking, loading and unloading of all the publicity and promotional materials, including crockeries, tea sets, cups and saucers, electric kettles, tea infusers, electric induction ovens, tea caddies, tea gift boxes, promotional literatures and all the other materials transported to the venue in connection with the event. The Selected Bidder will have to engage suitable and adequate manpower/packers and movers for packing and unpacking, loading and unloading of all the materials used by Tea Board India at the venue before start of the event and after conclusion of the event and then transport all the materials back to the Kolkata Head Office of Tea Board by road transport after conclusion of the event.	How much will the approximate volume/weight of the publicity and promotional materials? It is needed to calculate the cost.	<p>The Selected Bidder will be best equipped to calculate the approximate volume/weight of the entire construction and fabrication materials for setting up the pavilion as well as the publicity and promotional materials, including crockeries, tea sets, cups and saucers, electric kettles, tea infusers, electric induction ovens, tea caddies, tea gift boxes, promotional literatures, standees, banners etc. to be transported to the venue at Kevadia, Gujarat, as the weight and volume will depend on the design for the pavilion proposed by the Selected Bidder.</p> <p>However, it may be mentioned here that the approximate weight of only the publicity and promotional materials, including crockeries, tea sets, cups and saucers, electric kettles, tea infusers, electric induction ovens, tea caddies, tea gift boxes, promotional literatures, standees, banners etc. (minus the</p>

			construction and fabrication materials for setting up the pavilion) might be 2000 kgs approximately (it is just an indication of the approximate weight, it should not be treated as final).
