TEA DEVELOPMENT & PROMOTION SCHEME

OVERVIEW OF THE SCHEME

The Department of Commerce, Ministry of Commerce & Industry, Government of India has conveyed approval for the Tea Board's scheme "Tea Development & Promotion Scheme" for implementation during the remaining period of Fifteenth Finance Commission Cycle from 2023-24 to 2025-26 vide F. No. K-57013(11)/1/2021-Plant (A) dated 22.02.2024.

The duration of the scheme will be from 2023-24 to 2025-26. The Board will declare a cut-off date for receipt of applications wherever these are invited. The scheme has the following major components covering the broad areas of Tea Board's operation for overall protection, growth and sustenance of the Indian Tea Industry.

Sl.No.	Scheme Components
1	Plantation Development & Quality Up-gradation
2	Tea Promotion and Market Support
3	Technological Intervention
4	Research and Development
5	Welfare and Capacity Building measures
6	3rd Party Evaluation
7	Establishment Expenses

The scheme is aimed at enhancing production, productivity, and quality of Indian tea and facilitating Indian teas to compete in the global market. A significant focus is placed on empowering small tea growers, aiding formation/strengthening of SHGs/FPOs/FPCs, and enabling them to move up the value chain. This includes fostering value addition in tea processing for better price realization and increasing India's share in export markets. Additionally, the scheme aims to better realize the potential of tea grown in the North Eastern States, and improve tea exports to high-value markets. Supporting research and development, technological innovations, and welfare measures for tea garden workers that are supplementary to the provisions of the Plantation Labour Act, 1951, are also being undertaken under the scheme.

Tea Board has finalized the modalities for implementation of subsidy / financial incentives / grant in aid under various components, clearly describing the eligibility norms, unit costs and extent of support for various categories of stakeholders. The subsidy / financial incentives under the components will be disbursed by various departments of the Board depending on the types of activities / beneficiaries. This document is designed to lay down the procedure for implementation of the various components and sub components of the Tea Development & Promotion Scheme for the period from 2023-24 to 2025-26. While implementation and monitoring of the scheme will be done by the “Steering Committee” under Chairmanship of Deputy Chairman, Tea Board, through the Zonal and Regional offices located throughout India, the following Nodal Officers will look after implementation of the components and sub components:

TEA DEVELOPMENT & PROMOTION SCHEME

The Department of Commerce & Industry, Ministry of Commerce & Industry, Government of India vide their letter K-57013(11)/1/2021-PLANT A dated 19th September, 2021 has approved the following General Guidelines for Implementation of the Tea Development and Promotion Scheme during the remaining period of Fifteenth Finance Commission Cycle” i.e., up to 2025-26.

A. OVERVIEW OF THE SCHEME

The scheme has the following major components covering the broad areas of Tea Board’s operation for overall protection, growth and sustenance of the Indian Tea Industry

Sl.No.	Scheme Components
1	Plantation Development & Quality Up-gradation
2	Tea Promotion and Market Support
3	Technological Intervention
4	Research and Development
5	Welfare and Capacity Building measures
6	3rd Party Evaluation
7	Establishment Expenses

This scheme is designed to lay down the general guidelines for implementation of the Tea Development and Promotion Scheme. While implementation and the monitoring of the scheme will be done by Deputy Chairman, Tea Board, through Zonal and Regional offices located throughout India, the Nodal Officers as appointed by the Tea Board for various components/ sub-components will look after implementation of their respective components/sub-components.

Deputy Chairman, Tea Board shall monitor the implementation of the scheme and related aspects and furnish reports to the Department of Commerce, as and when required.

Scheme Co-ordination and monitoring committee (SC&MC) under the Chairmanship of Deputy chairman, Tea Board, with nodal officer from scheme implementing Department as members will review the progress of implementation of the scheme. The SC&MC shall meet on monthly basis to oversee the implementation of the scheme and to review the physical and

financial progress. The SC&MC review reports will be placed in the immediately next Board meetings and also submitted to the Central Government.

B. GENERAL GUIDELINES

1. All the services for implementation of the various sub-components of the scheme will be provided through online mode at "ServicePlus" portal <https://serviceonline.gov.in> (or any other portal that may replace the "ServicePlus" portal. All references to "ServicePlus" portal in this document shall mean reference to such portal also) and all payments will be made electronically as per the procedure prescribed by Government of India. No payment will be made in cash. All the formats for applications are available online at ServicePlus portal. Small grower applicants, or any other such category of micro/small size applicants as may be determined by Tea Board, who are not able to submit online applications, may be allowed to submit physical applications to Tea Board offices. Copy of the physical applications indicating the date of receipt shall be retained/uploaded by the Board officials along with the applications. These applications shall be uploaded online forthwith on the portal by concerned Tea Board official within 7 days of receipt of such applications while retaining the date of receipt of physical application as the date of submission. All payments in such cases shall also be through DBT or electronically as per procedure prescribed by Government of India.
2. All rules and regulations laid out and revised by Government of India under General Financial Rules 2017, CVC Guidelines and other relevant guidelines issued by the concerned Ministries/Departments of Government of India must be followed for the implementation of the Scheme
3. Tea Board may consult Central Government, State Governments of tea growing states and other concerned agencies for the purpose of implementing the scheme, if required, depending on the activity/component under consideration and implementation.
4. The schemes will be announced on the website of Tea Board and given enough wide publicity through various channels of communication (including print, social media etc.) along with the details of documents to be uploaded with the application. Sufficient lead time for ensuring wide publicity of the scheme should be maintained, prior to acceptance of applications
5. For components which involve financial assistance to beneficiaries, the details such as eligibility criteria, scale of assistance, list of documents required, process of submission and scrutiny of applications, conditions to be fulfilled for sanctions and disbursement of funds and other conditions along with necessary forms and

- declarations shall be provided in the detailed modalities against each component and sub-components. The rates of assistance, cost norms, eligibility and all other conditions mentioned in the EFC memorandum (read along with EFC recommendations and approvals granted by Central Government on the same) shall be strictly adhered to while issuing of these detailed modalities and no deviation from the same shall be allowed unless specifically approved by the Central Government.
6. The general guidelines along with detailed modalities issued by the Tea Board shall be uploaded on the website of the Board
 7. Verification of works completed shall be done in accordance with the individual component/sub component requirements before disbursement of scheme funds. Geo tagging will be done for all possible scheme activities wherever locations can be mapped
 8. The financial and physical targets of the Scheme shall be adhered to, based on funds provided to the Board by Government of India through budget allocation
 9. No deviation from guidelines will be allowed at any stage by the Zonal Office or Field Offices. Clarification regarding components and sub-components of the scheme, if any, shall be sought by the respective Nodal Officer from the Deputy Chairman, Tea Board.
 10. For judicious and timely disbursement of fund, the Deputy Chairman may temporarily reallocate the fund within the same component and from one component to other, not exceeding the approved allocation for the component for the financial year
 11. The entire processing of application, from receipt of applications till disbursement of subsidy, shall be completed within the scheme period (2023-24 – 2025-26) and in no case shall be carried forward/spilled over beyond 31.03.2026.
 12. Tea Board may invite applications in one or more batches, depending on the response and the availability of funds.
 13. All the necessary statutory compliances, as applicable, under Central or State Government Laws, Rules and Regulation shall be obtained by the applicant before submission of application.
 14. The details of allocation under a component shall be made available on the public website of the Tea Board before any application is invited against the component or any of its sub-component. Details of all applications received shall also be made available on the public website of the Tea Board as soon as possible after the specified last date of application, and the status of acceptance/rejection shall also be updated on the website
 15. The applicant must be

- a) Registered with Tea Board or, in the case of small tea growers, have QR Code embedded Identity Card except where Tea Board does not register such entities.

 - c) The applicant Farmers Producers' Organization (FPO)/ Farmers Producer Companies (FPC) should be registered as a society / cooperative society/producer company.
 - d) All individual applicants will have to submit the copy of Aadhar and Bank Account details.
16. Applications satisfying all the required conditions and eligibility criteria as specified in modalities will be processed on first come first serve basis. Priority will be given to beneficiaries, who have not availed the benefits under the schemes implemented by the Tea Board in the previous years
 17. Acceptance of the application is only a confirmation towards completion of scrutiny of the application and does not entitle the applicant for financial assistance under the scheme
 18. The Tea Board shall prepare a comprehensive plan for activities to be undertaken under the Tea Promotion and Market Support component and submit for the approval of DoC
 19. Under the component "Tea Promotion and Market Support" promotion campaigns (including digital & social media campaigns) for Indian Tea may be undertaken by Tea Board jointly with the industry stakeholders wherever possible. A committee may be formed by Tea Board including Board officials and external experts for evaluating and finalizing such joint promotion proposals
 20. Applications of persons who resort to making offers, rewards, gifts or any material benefit or any coercion either directly or indirectly, to influence the sanction process shall summarily be rejected. Legal action will be initiated for recovery with applicable interest against applicants who obtain the benefit by willfully furnishing wrong/incorrect information, misrepresentation and suppression of information

C. RECEIPT AND SCRUTINY OF APPLICATION:

1. All applications for availing the schemes shall be submitted by the applicant online at ServicePlus portal.
2. After successful submission of application, an acknowledgement will be generated automatically with unique ID (reference No.). The acknowledgement is a confirmation

towards receipt of application and does not entitle or make the applicant eligible for financial assistance under the scheme.

3. The application will be scrutinized by the Tea Board, and acceptance or rejection of application will be intimated online.
4. Any application incomplete on account of lack of documents confirming such compliances shall be summarily rejected.
5. Wherever inspections/field verifications are required prior to acceptance of application, these inspections will be carried out by officials of Tea Board after receipt of application within a period specified by the Board as part of their service delivery benchmarks in the Citizen Charter. Geo tagged photographs shall be captured by the inspecting officer online, along with the inspection report
6. Post receipt of Inspection report, fulfillment of eligibility criteria and conditions and scrutiny of documents submitted, the status of application will be updated online as accepted or rejected.
7. Acceptance of the application is only a confirmation towards completion of scrutiny of the application and does not entitle the applicant for financial assistance under the scheme.

D. INTIMATION OF COMPLETION OF ACTIVITY

- 1) Within a period as specified under guidelines of individual sub-components, the applicant will upload a completion report online along with supporting documents.
- 2) Upon submission of completion report, the next step of inspection will be proceeded with only if the budget under the sub-component has not been exhausted and government sanction against the budgeted amount has been issued.

E. ISSUANCE OF SANCTION AND DISBURSEMENT

- 1) Basis Inspection report, which will be uploaded online, either a sanction will be accorded to the applicant corresponding to his application or the application will be rejected and the status will be uploaded online. Accordance of such sanction will be subject to availability of funds with Tea Board.
- 2) The beneficiaries to whom the sanction has been accorded will be required to submit a Letter of Undertaking (LoU) as per format provided online, within a period of 07 days of issuance of sanction.

- 3) Upon receipt of LoU from the beneficiary, the process of disbursement of applicable financial assistance as applicable will be initiated by Tea Board and disbursement will be completed within a period of 30 days from the receipt of LoU subject to availability of funds with Tea Board.
-

**COMPONENT AND SUB-COMPONENT
SPECIFIC MODALITIES AND GUIDELINES**

COMPONENT 1: PLANTATION DEVELOPMENT & QUALITY UPGRADATION

1.1 SUB COMPONENT: SUPPORT TO PLANTATION SECTOR

1.1.1 ACTIVITY: SUPPORT FOR REPLANTATION

A. OBJECTIVE

The objective is to increase the production, especially of orthodox and green tea in the short and long term, through extending financial assistance for replanting of old and senile tea bushes which are more than 50 years old.

B. ELIGIBILITY CRITERIA

In addition to the General guidelines already mentioned in Part A of Section -I, the following is the eligibility criteria for availing assistance under the component:

1. Replanting activity will be considered only for the big tea gardens (area more than 10.12 ha) that are registered with Tea Board India, in all tea growing areas.
2. The minimum age of the tea bushes prior to uprooting must be 50 years as per records available and maintained by the tea estate.
3. Areas where uprooting will be carried out for replanting after the acceptance of application shall be considered for funding under the scheme. In case of insufficient applications, old tea areas uprooted up to 18 months prior to announcement of the scheme may also be considered. The consideration shall be subject to the suitability of soil.
4. Dual manufacturing tea gardens (CTC and Orthodox/ Green Tea) with an average total production of orthodox and / or green tea of at least 15% of the total tea production for preceding 3 calendar years prior to the year of submission of application shall be eligible. The tea estates with dual manufacturing who submit an undertaking for switching over to 100% production of Orthodox/Green tea for succeeding three years shall be given priority.
5. Tea gardens which do not have their own tea factory but supply at least 50% of green leaf to any Orthodox /Green tea factory(ies), would also be eligible.
6. The tea gardens manufacturing only CTC tea or supplying leaves to CTC/dual manufacturing unit are not eligible for the subsidy.
7. The tea gardens producing 100% orthodox tea or green teas are also eligible subject to an increase in value added teas out of their total exports for succeeding years. Preference shall be given to the tea gardens located in Darjeeling Hills fulfilling all other criteria

8. The soil must be tested to be physically and chemically suitable before replantation is commenced. The applicants are therefore, required to get the soil analyzed prior to replanting (soil analysis report to be obtained before commencement of replanting activity) from any one of the Board's approved Soil Testing Laboratories. The list of Tea Board's approved soil testing laboratories is available in the Board's website.
 9. The applicant should not be a defaulter in paying Provident fund. **No Dues certificate** from the concerned PF Authority should be submitted:
 - (a) At the time of submission of application (issued not before 1 month from the date of submission of application)
 - (b) At the time of submission of completion report (issued not before 1 month from the date of completion report) for according sanction and at the time of submission of LoU for the release of 1st instalment of subsidy
 - (c) At the time of intimation for carrying out the 2nd Inspection (issued not before 1 month from the date of intimation) for according sanction and at the time of submission of LoU for the release of 2nd Instalment of subsidy
- Where there are provident fund dues, the application will be accepted only provided it is backed by a Court decree or written consent from the P.F Authorities for allowing the payment of arrear P.F dues in installments alongwith letter from PF Authorities for being regular in instalment payments.
10. For the applicants who are defaulter in the erstwhile loan scheme of Tea Board, the applications will be accepted, however, Tea Board shall have the right to adjust sanctioned amount of subsidy with their outstandings in the erstwhile loan scheme.

C. CONDITIONS

In addition to the General guidelines already mentioned in Part A of Section -I and eligibility criteria mentioned above, the following conditions will need to be fulfilled:

1. The minimum area for uprooting shall not be less than 4 ha, however, in the case of Darjeeling Hills of West Bengal and the States of Himachal Pradesh and Uttarakhand, minimum area will be 1 Ha.
2. Only one application per garden will be entertained in a financial year.
3. Any change in the applied area shall not be permissible after the submission of application. However, the applicant may withdraw an application and submit a fresh application in its place.
4. Post submission of application, an inspection shall be carried out by Tea Board official.
5. For dual manufacturing tea estates, 7% higher production of orthodox tea will have to be achieved in the subsequent year as compared to the average production for the

last 3 Calendar years preceding application year (2021, 2022 and 2023). An undertaking in this regard will be given by the applicant prior to sanction.

6. For tea gardens not having their own tea factory, the incremental increase in supply of tea leaf to orthodox/ green tea manufacturing factories should be 20% higher in the subsequent calendar year as compared to the average production for the last 3 Calendar years preceding application year (2021, 2022 and 2023).
7. Bush population in the replanted area should not be less than 10,000 per Ha.
8. Vacancy percentage in the replanted area at any given point of time should not exceed 5%.
9. Shade status and drainage in replanted area should be as recommended by TRA in "The Planters Handbook" and UPASI in Guidelines on Tea Culture in South India"
10. The applicant tea garden should be PPC compliant.
11. The applicants shall use minimum 70% of planting materials that are suitable for manufacturing orthodox tea for undertaking the replanting activity chosen from the list provided by Tea Board (Annexed).
12. The parameters of the soil analysis report shall be in accordance with the TRA in their "The Planters' Handbook" for North and North-east, West Bengal, Sikkim and Bihar and UPASI in Guidelines on Tea Culture in South India" for entire South India.
13. The completion report after replanting will have to be uploaded with all the prescribed documents not later than 28.02.2025.
14. In the event of actual area replanted being less than that for which the application was submitted, financial assistance will be restricted to the extent of area actually replanted subject to fulfilling the minimum area specified in this document.

D. SUBMISSION OF APPLICATION

The last date for submission of application under this activity shall be as specified by Tea Board.

Application shall be submitted only online and the following information/documents are to be uploaded online with the application

TECHNOLOGICAL INTERVENTION

COMPONENT 3: TECHNOLOGICAL INTERVENTION

OBJECTIVE

Technological interventions by the Board will help the organization by providing tools that can be used to improve efficiency and productivity. By automating processes, the time and resources required to complete tasks can be reduced. Using technology will help improve public service delivery, and at the same time improve in collection, collation and analysis of data.

The Board will also explore the use and adoption of technology by the industry, particularly, the small tea growers for Improved extension services, information dissemination, and service delivery to its stakeholders by Tea Board.

3.1 ACTIVITY: DIGITIZATION OF TEA BOARD

A. ACTIVITIES

The activities to be undertaken by the Board should include but not limited to:

- 1) Implementation of e-Office: For electronic creation, processing and movement of files and documents in online mode
- 2) Scanning of all the files, documents etc. with meta data and Document Management System for storing, searching and retrieval of such digitized data for bringing legacy files in electronic repository and easy accessibility
- 3) Implementation of e HRMS: for personnel and human resource management system

B. IMPLEMENTATION

The activity under this component will be implemented by Tea Board through outsourced agency (Vendor). The selection of the vendor will be done by Tea Board following internal accounting procedure of approval as per GFR norms. The list of the selected vendor and their activity will be uploaded on Tea Board's website

C. SCALE OF FINANCE

The amount will be released to selected vendor on actuals as per the procedure prescribed by Government of India

3.2. ACTIVITY: E-IMPLEMENTATION OF SCHEME COMPONENT/ DBT/ SERVICE PLUS / VENDORS/GEO TAGGING

A. ACTIVITIES

Activities to be implemented by the Board should include but not limited to:

- 1) Implementation of web-based applications for the use of internal and external stakeholders of the tea industry for monitoring quality of tea and delivery of services to the stakeholders for transparency and ease of doing business
- 2) Implementation of scheme online through ServicePlus Platform for monitoring and ease of doing business
- 3) Geo Tagging of tea gardens and factories with geo spatial meta data such as latitude, longitude coordinates for distinct identification and policy decisions
- 4) Strengthening of an IT enabled electronic platform for sale of tea and e-trading of tea waste for facilitating primary marketing of tea and fair price discovery

B. IMPLEMENTATION

The activity under this component will be implemented by Tea Board through outsourced agency (Vendor). The selection of the vendor will be done by Tea Board following internal accounting procedure of approvals as per GFR norms. The list of the selected vendor and their activity will be uploaded on Tea Board website

C. SCALE OF FINANCE:

The amount will be released to selected vendor as per the procedure prescribed by Government of India

3.3. ACTIVITY: TECHNOLOGICAL INTERVENTION FOR TEA PLANTATION INCLUDING PRECISION FARMING, DRONE SURVEILLANCE

A. ACTIVITIES

Activities under this component to be implemented by the Board should include but not limited to:

1) Drone Surveillance

In tea plantation, Drone can be used for Surveillance in small tea growers sector in order to predict pest and disease infestation/infection. With the use of Drone, high precision cameras and static cameras, the small tea growers can take precautionary measures for controlling of pest and disease in appropriate time and in effective manner which in turn will help in reducing the chemical application and to reduce the cost of production. Use of Drone will also help the growers to make assessment of shoot growth and timely plucking to maintain the standard of green leaf and to make good quality tea.

The following methodology would be followed:

- a) Drone service may be availed by Board's office, members of SHGs/ FPOs/ FPCs or tea estates.
- b) The responsibility for maintenance of the drone will be vested on the agency roped in for providing the drone services.
- c) Tea Board will procure the drone services for the tea growing areas of small growers. However, the day-to-day maintenance will be done by the agency providing the services.
- d) Data obtained from drones, static cameras & high precisions cameras will be used for forecasting of pest and disease occurrence, tea shoot growth, etc. and the activities will be carried out on pilot project basis.
- e) Training will be provided to Boards' Officers and Members of SHG / FPO / FPC on use of drones.
- f) An agreement will be made with SHG / FPO / FPC

2) Precision Farming

With the advancement in technology and introduction of Artificial intelligence, sensor-based gadgets in plantations can help the small tea growers /estates in planning application of chemicals, fertilizer, requirement of irrigation knowing about rainfall pattern, humidity, temperature, soil moisture etc. of a particular area. This will help in judicious use of chemicals,

fertilizer, pesticides, irrigation and in turn will reduce the cost of cultivation and chemical load on finished product and on the soil ecosystem.

Precision farming would include but not limited to:

- a) To develop a system with involvement of AI (Artificial Intelligence) and sensor-based technique.
- b) To develop an integrated system which can provide daily based information on weather forecasts including rainfall, humidity, sunshine hours, temperature variations soil moisture etc., with a provision of archiving it
- c) To provide option for issuing of advisory through SMS, voice calls etc. to farmers.
- d) To provide hardware repair and maintenance support.
- e) Implementation in all tea growing regions in India or on pilot basis
- f) Modification of the system (post implementation) based on implementation feedback.
- g) Housekeeping, backup and recovery operations to ensure integrity, good health of the systems and databases.

3) Leveraging the available technologies for the above, like:

- a. Applications leveraging the 5G technology
- b. Applications using Artificial Intelligence and Machine Learning
- c. Applications using Internet of Things (IoT)
- d. Applications involving data analytics
- e. Use of Virtual Reality and Augmented Reality for imparting training to the growers and stakeholders in general
- f. Development and implementation of applications using cutting-edge technology including use of GPS etc.
- g. Any other relevant and upcoming technology of use for stakeholders would also be explored

B. IMPLEMENTATION

The activities under this component will be implemented by Tea Board through outsourced agency. The selection of the outsourced agency (Vendor) will be done by Tea Board following internal accounting procedures of approvals as per GFR norms. The list of the selected vendor and their activity will be uploaded by Tea Board on its website.

The detailed actions under each activity (1 & 2) will be designed uniformly and circulated to all field offices for implementation after selection of the vendor.

SCALE OF FINANCE: at actuals.

3.4. ACTIVITY: TRACEABILITY AND BLOCK CHAIN

A. ACTIVITIES

Activities under this component to be implemented by the Board should include but not limited to:

1. Traceability

The tea industry is grappling with challenges related to productivity issues of the organized segment, quality control, regulatory aspects, price monitoring and various other issues due to the rapid growth of the small tea growers' segment which include – imparting advisory around good agriculture practices (GAP), maintaining quality, tracking the product movement (traceability), knowledge about markets and other inputs related to plantation.

2. Block Chain

Quality Management, block chain and traceability are a critical issue in the tea sector, especially due the rapid emergence of the STG segment and proliferation of BLFs, agents who act as aggregators of leaves from multiple STGs. This will ensure putting in place a proper technology to overcome the traceability challenges. The Board has developed a mobile application “Chai Sahyog” towards this end and this is proposed to be taken forward and implemented for small growers

3. Study on Technological Interventions and Trade

B. IMPLEMENTATION

The activity under this component will be implemented by Tea Board through outsourced agency. The selection of the outsourced agency will be done by Tea Board following internal accounting procedures of approvals as per GFR norms. The list of the selected vendor and their activity will be uploaded on Tea Board's website

The detailed actions under each activity (1, 2 & 3) will be as per the terms and conditions defined while selection of the vendor uniformly and circulated to all stakeholders for information and actions after finalization.
