Visitors/ Resource person:

Sl. No.	Name	Organization
1	Mr. Wei Chyie Yang	CEO, Weichyie Machinery
2	Mr. Chen An Yang	Weichyie Machinery
3	Mr. Hsuan Tung Wu	Packaging Duo
4	Mr. Cheng Yin Wu	
5	Mr. Huang Yi Liang	Dy. Director, Taiwan Tea Research Station

Date of the program and duration: 14th and 15th June' 2019 (2 days)

Approx. nos. of trainee participants: 70 nos. in 2 days

Day 1: 14th June, 2019:

Dr. Liang discussed about the different types of leaves suitable for production of different types of specialty tea, standard of plucking etc. Production methods of oolong tea, green tea, orthodox tea etc. showed by him. They also showed different types of tea packaging materials.

Day 2: 15th June' 2019:

Many small tea growers came with their own produced specialty teas which have been tasted. By tasting it is found that the small tea growers are producing good quality specialty teas out here. Post lunch one to one discussions took place and Mr. Yang did the final production of oolong tea. Workshop ended with the felicitation of the participant farmers.
